

退屈数独1

退屈数独は9個の重ならない9×9の数独で構成されています。パズルの中に10個目の9×9の数独が隠れており、10個目の数独は濃いグレーの網掛けで示されています。

(解答)

A 16x16 grid puzzle with shaded cells (grey and light blue) and numerical values. The grid is divided into four 4x4 quadrants. Shaded cells are located at various positions, including the top-left cell (row 1, column 1), the top-right cell (row 1, column 16), and several cells in the bottom-right quadrant. Numerical values are present in many cells, such as '7' in the top-left cell, '9' in the top-right cell, and '1' in the bottom-right cell. The grid is filled with a mix of empty cells and cells containing numbers, creating a complex pattern of shaded and unshaded areas.
